Gender equality is a human fundamental right! Ensuring that all individuals have the possibility to achieve their full potential regardless of their sex and/or gender is one of the basis of citizenship.

Providing men and women the same opportunities and access to education, healthcare, work distribution, participation, decision-making and security will benefit societies as a whole.

Promote participation in democratic life in Europe and in the labour market, active citizenship, intercultural dialogue, social inclusion and solidarity.

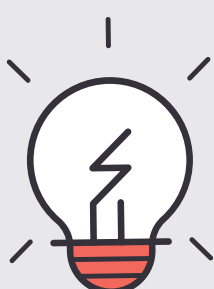

OBJECTIVES

Promote the reflection between the participants, especially next to vulnerable youngsters, about the roots, questions, challenges, mechanisms and possible solutions for gender inequalities in each represented country.

Identify and exchange good practices on raising awareness of public opinion on gender equality issues at southern European level.

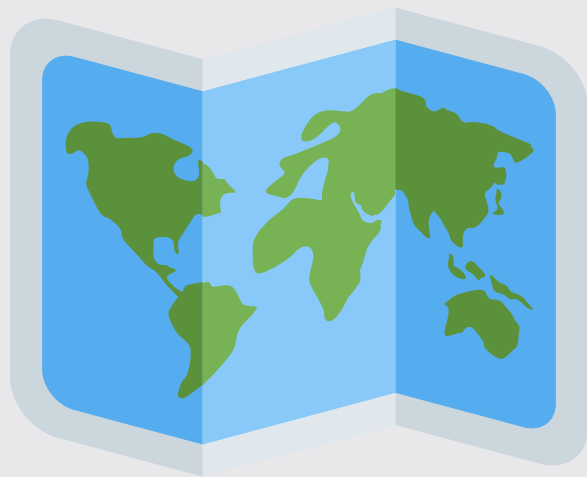

Promote nonformal education as a key methodology to work with vulnerable youngsters in matters of Gender Equality, Human Rights and European and Global citizenship.
